NEWS FROM ALL POINTS.

(By Special Telegraph.)

### New Advisory Board.

REGINA, Nov. 20.—The Advisory Council tendered their resignation on Saturday and the Lieut.-Governor accepted it on Monday. On Tuesday he sent for Clunkskill to form a Council. The council consented to do so if the claims of the majority of the House, as to the control of funds, were conceded by the Lieut.-Governor. The members selected were: Messrs. Neff, Tweed, and Cayley.

### Terms Not Conceded.

The new Advisory Board met His Honor the Lieut.-Governor on Wednesday and demanded, before accepting office, that a full account of the funds voted last year be laid before the House; that the full amount of the funds available for the current year be voted by the House and that their expenditure be under control of an Advisory Board having the confidence of a majority of the House. His Honor did not refuse nor has he yet conceded these demands.

### Finishing Up.

Preparations are being made to finish the business of the session to-morrow.

### Fourthly.

WINNIPEG, Nov. 21.—Ven. Archdeacon Maah, of London, Ont., married Miss Hutchins, of Montreal. This is the venerable gentleman's fourth wife. He is eighty-one years and his bride is thirty-two.

### Still Alive.

Letters have been received which say that Dr. Peters, the German African explorer, was not massacred as reported.

### New Republic.

Don Pedro, Emperor of Brazil, has been deposed and a republic established. It will be known as the United States of Brazil, with Gen. Fonseca as president

### Little Trouble.

There was no violence except the assassination of one minister.

### Dropped Dead.

Dr. Wilson, chief law clerk of Commons, dropped dead in New York, on Sunday.

### Reformer Elected.

Mowat's candidate was elected in West Lambton on Monday by a small majority, to fill the seat made vacant by the death of the Hon. Mr. Pardee.

### Burned to Death.

Four children were burned to death in Kamouraska, Que., while their mother called on a neighbor.

### Skeletons Found.

Five Indian skeletons were found near Chesdale station a few days ago, by a prospecting party. The indications are that the party was murdered while asleep

### Bodies Discovered.

Seven human bodies were found by workmen digging a cellar near Pierre, Dakota, on Tuesday. The theory is that they perished in a blizzard last January and were buried by Indians.

### Returned.

The Governor-General has returned to Ottawa.

### Granted.

The crossing of the C. P. R. at Portage la Prairie by the Northern Pacific has been granted by the Railway Committee

### To be Tried.

Moussa Bey has been imprisoned and will be tried for outraging Christians in Crete.

### Attempted Escape.

Prisoners in a Michigan penitentiary attempted to escape by blowing out the wall with dynamite, but they failed on account of the charge not being strong enough.

### Charter Wanted.

The Calgary & Edmonton Railway Co. will ask for a charter at the next session of Parliament.

### Mormon Colony.

Some of the leading Mormons of Salt Lake City are visiting at Lee's Creek with a view to settling largely in the Mormon colony in the Northwest.

### More Settlers.

Sir John Kaye has gone to England to

secure settlers for his farms. He has spent \$500,000 so far.

### New School.

A new Indian school has been opened in St. Paul's parish, Man.

### Making for Prince Albert.

WINNIPEG, Nov. 22.—The Northern Pacific have projected their line from Portage la Prairie to Lake Dauphin.

### The D. & W. R.

The Duluth & Winnipeg Railway will reach here next year.

### Equal Rights' Champion.

TORONTO, Nov. 21.—Dalton McCarthy is mentioned as the coming leader in the Ontario Opposition.

### The Old Game.

The Canadian Government will have a cruiser watch the boundary to prevent smugglers bringing whiskey from United States across the St. Lawrence. It is estimated the Government has been defrauded out of \$250,000 this year.

### Still Frames.

REGINA, Nov. 21.—The Lt.-Governor refuses still to account for the amount voted last year from the Federal fund, or to allow the Legislative Assembly to control Federal funds for expenses in the Northwest.

### No Accounts No Council.

The Assembly refuses to accept any Advisory Council unless the accounts of last year and the estimates for the current year are submitted to the Assembly inclusive of Federal funds. They also refuse to vote the Territorial supplies.

### Ottawa Consulted.

A statement of the case has been ordered to be wired to Ottawa.

### What is It?

An Ordinance placing executive powers in all Territorial matters in the hands of the Lieut.-Governor acting with Messrs. Tweed and Neff, members of the Assembly, instead of in the hands of the Advisory Board, as intended by the Northwest Act, was passed yesterday.

### An Armistice.

The Lieut. Governor is said to assent to the arrangement as a means of tiding over the present difficulty, in which case the work of government and expenditure of the Territorial funds, about \$24,000, will go on smoothly, but if he objects he may create a dead lock.

### The Divide up.

There will probably be about \$600 each in aid to districts from local funds, which in addition to the \$500 now under expenditure, which comes from Federal funds, and about \$300 more from the Federal fund; a total of about \$1,600 per district for the year.

### Prorogation.

The business of the session was concluded yesterday and prorogation takes place this afternoon.

### It is Getting Here.

Work on the Q. L. L. & Saskatchewan Railway is still being pushed. The track is about seventy five miles out.

### One of Our Representatives.

QU'APPELLE, Nov. 22.—J. F. Betts, M.L.A., arrived from Regina to-day and expects to leave for Prince Albert to-morrow.

### Couldn't Stay Away.

Mr. L. R. St. Louis, formerly of Prince Albert, has returned after spending several weeks in visiting New York, Boston and other leading cities in the east. He has been appointed general agent for the Massey Manufacturing Co. for Saskatchewan district, and leaves for Prince Albert next Tuesday.

The wise man never misses T.O. Davis' store when he wants to save money.

BE ON YOUR GUARD.—Although the publishers have not yet made any announcement of it, the orders for the Christmas number of the Montreal Star, both from dealers and private citizens, are larger than ever before at the same time of the year. The Christmas Star this year is said to be the levellest Holiday Pictorial ever issued from the press.

The publishers have requested dealers to exercise the greatest care in seeing that all the beautiful supplements are delivered with each and every number, and to report any cases where vendors call the supplements separately. The orders booked for the Montreal Star this year outrun an immense demand.

**OUR FORESTS.**

It may be rather late in the day  
to take up the question of preserv-  
ing our forests from destruction by  
fire, but by adopting energetic mea-  
sures at once a great deal of valuable  
timber may yet be saved. The mat-  
ter has been neglected for too long  
already. Of the vast timber limits,  
which a few years ago lay to the  
north of Prince Albert, nothing now  
remains but the charred trunks of  
spruce and tamarac, with small  
patches of bush where fires could  
not penetrate. This state of things  
is largely due to the inaction of the  
authorities, and unless something is  
done now to prevent further destruc-  
tion, in two or three years there will  
not be a stick of timber within one  
hundred miles of this town. The  
Government derives a revenue from  
this timber and it should be, and is,  
their duty to protect it. If they ask:  
How can this be done? we would  
suggest that it can be done by ap-  
pointing a number of forest guardi-  
ans whose duty it would be to live  
on the ground during that portion  
of the year when fires run, and be  
on hand at all times to put out fires  
when they start. They would go  
among the Indians and warn them  
against leaving camp fires, and  
search out and bring to punishment  
all persons letting fires go either wil-  
fully or through carelessness. It is  
no earthly use appointing forest ran-  
gers to sit in an easy chair in an  
office and draw their salaries. I  
will, as a matter of course, require a  
considerable expenditure of money  
to carry out such a system as we  
propose, but we believe it would be  
money well spent and would result  
in a great saving to the country in  
the end. Whatever system is adopt-  
ed it is patent to us that it must be  
put into operation without further  
delay, else there will be nothing left  
of our once magnificent forests.  
Millions of feet of timber are being  
destroyed annually, and all this could  
have been prevented at a compara-  
tively trifling cost to the country.  
It is no use adopting any half-and-  
half, penny wise-and-pound-foolish  
measures. If the evil is to be pre-  
vented the Government must take  
hold with a firm and determined

hand, regardless of the expenditure  
necessary to accomplish the desired  
end.

**EXPERIMENTAL FARMS.**

A matter which is deserving of  
consideration and which should be  
brought to the notice of the Domi-  
nion Government at once is the  
question of the establishment of ex-  
perimental farms in this district.  
We use the plural, believing there  
should be at least two, one at Prince  
Albert and another at Battleford.  
These farms have been established  
at other places in the Territories  
and we believe have been product-  
ive of good. There may have been  
grounds of objection in the past to  
establishing any on the Saskatche-  
wan, owing to the difficulty of access  
to the country, but with a railway  
entering the district and nearing  
completion, that objection can no  
longer exist. The request to have  
such farms established is a legiti-  
mate one, and we have no doubt  
but that the Government will look  
at the matter in the proper light and  
take action therein. Nevertheless  
we should set the ball rolling by  
making the request. Our member,  
we know, is fully alive to the neces-  
sity that exists for such an institu-  
tion, and will do all that he can to  
further our interests in this particu-  
lar, as he has already done on every  
other matter which requires his at-  
tention.

**ENQUIRY NEEDED.**

The Regina Leader in a late issue  
formulates, editorially, a series of  
charges, nine in number, against  
Commissioner Herchmer, of the  
Mounted Police Force. Some of  
the charges are of a very serious na-  
ture, and none of them can afford to  
be overlooked. The Leader is  
either libelling the Commissioner, or  
it is not. If it is, he should lose no  
time in proving to the world that  
such is the case. If the Leader can  
substantiate its charges, or any of  
them, it should be given an oppor-  
tunity for doing so; we cannot but  
believe that the Leader has good  
grounds for the charges it makes, as  
we cannot conceive of a journal so  
reckless as to make such charges  
without evidence of some sort to  
back them up. It is evident that an  
investigation must be held, as in fact  
it is reported that one has been al-  
ready ordered, and if any of the  
charges are proven, Mr. Herchmer  
should lose no time in getting his  
comge. Before being placed at the  
head of the Force he was very little  
known, and it was at the time a  
matter of surprise to most people  
that he should have got the appoint-  
ment, instead of men who from their  
long connection therewith were emi-  
nently qualified for the position.

It is said that there are over  
600,000 opium eaters in the United  
States.

Diphtheria is very prevalent in  
Quebec city, and it is believed to  
come from the milk supplied by  
certain dealers. That should not be  
a hard matter to remedy.

The Chicago Aldermen have fall-  
en upon street bands and hand  
organs, and banished them outside  
the city. Which means that since  
Chicago extended her boundaries  
the perambulating musicians are de-  
barred the pleasure of plying their  
industry in a considerable part of the  
State of Illinois.

One hundred thousand people in  
North Dakota are said to be on the  
verge of actual starvation. This is  
not a very cheerful prospect at the  
opening of winter in such an inhosp-  
itable climate.

Principal Grant says many bril-  
liant things. His declaration at  
Montreal, "There can only be one  
Canadian nation, and all races who  
have made Canada their home must  
contribute to its unity," is a golden  
text for the Scotchmen whom he was  
addressing, the Frenchmen of whom  
he was generously speaking, and the  
English and Irish who admire native  
talent and a tolerant manfulness.

It may interest the profound theo-  
rists who are still debating the  
wisdom of snventions to steamship  
lines to know that Germany intends  
to grant a subsidy to a line of steam-  
ers to South Africa. Being desirous  
of opening up fresh trade routes  
with the new continent and to get a  
share of what is going, Germany  
adopts this means of spreading her  
steadily increasing foreign trade.

The British Columbian papers  
speak in the highest terms of the  
latest edition to the House of Com-  
mons. In the person of Mr. Earle,  
just elected without opposition, the  
city of Victoria appears to have se-  
cured as its second representative at  
Ottawa a man of shrewd business  
ability. So generally did he enjoy  
the confidence of the community  
that when his name was proposed  
no opposition could be raised against  
him.

## THE BAZAAR

And Concert, at St. Ann's Convent.

The bazaar and concert held on Wednesday and Thursday in the new building of St. Ann's Convent were both a grand success. The first flat of the building was tastefully decorated and a number of stalls and tables were loaded down with articles both ornamental and useful. On Thursday evening when the bazaar was brought to a close the ladies of the convent had realized the magnificent sum of \$350. The concert on Thursday evening was a great success, and was opened by a piano duet by Mr. and Mrs. Lafond, who were followed by Mr. Tassier with "Sailing," in his old style. "Where are now the Hopes I Cherished," by Miss Richer was well sung and deservedly encored. Mrs. McGuire sang "The Song that Reached My Heart" and also every one's present. This was Mrs. McGuire's first appearance before a Prince Albert audience and it is to be hoped she will often favor us. A piano solo by Mr. Lafond was good and was followed by a well-sung solo by Mrs. Lafond entitled "L'ange de l'esperance." Mr. Norman sang "The Guardian Angel" in grand style and Messrs. Way and Cana in a violin and piano solo, were good. Mrs. Davison, Prince Albert's old time favorite sang "What a Little Bird Said," splendidly. "Come Down and Open the Door" by Mr. Geo. Russell, was well sung in his usual comic style. Several French choruses were sung by Messrs. de la Gorgondier, Schmidt and Theroux and were well received. The concert was brought to a close by all singing God Save the Queen. After the concert a lot of the articles remaining over from the bazaar were auctioned and brought good prices. Some articles were to be raffled but the hour was so late that the raffle was postponed until Wednesday evening, Dec. 4th.

### THE DOMINION ILLUSTRATED.

The Dominion Illustrated for Nov. 9th devotes several of its pages to the Governor-General's tour in the Northwest. The visit of the vice-regal party to Salt-coats, the Bernardo Home and other points of interest along the line of the Manitoba and North Western Railway is fully and ably illustrated. The recent Dentists' Convention offers occasion for giving portraits of Drs. Beers, Trestler and Brewster, gentlemen widely known and respected. The place of honor is occupied by the Deputy Minister of Justice, Mr. R. Sedgewick, Q.C. Three paintings by Sir E. Landseer, C. Schwenninger and S. J. Carter are reproduced in fine engravings. Altogether it is a capital number. The Dominion Illustrated is becoming every week more worthy of its name, and the efforts of the publishers to bring out the glories, beauties and resources of the Dominion should not pass unappreciated.

The Dominion Illustrated is published by the Dominion Illustrated Publishing Co., Mr. G. E. Desbarats, managing-director. Subscription, \$4. Address: 73 St. James street, Montreal.

### LOCAL NEWS.

Mr. Madigan, the contractor in this district, will be in town in a few days.

Posters will be out on Tuesday asking for fifty (50) men to work on getting out ties between this town and Duck Lake. Good wages will be paid.

Every one should secure a copy of the magnificent colored plate, "The Canadian Militia," given with the Christmas Globe this year. The whole work is creditable to Canada. The Globe people claim to have the best Christmas Edition this year ever published. See their announcement in another part of this paper.

### GENERAL NEWS.

Some time ago Thos. Bell's factory at Wingham, was burnt by an incendiary fire, and last night the new factory was entered and the engine disabled. The town council offer a reward of \$200 for the miscreant.

It is reported in Ottawa that Mr. F. White, comptroller of the Northwest Mounted Police, says that the charges against Col. Herchner, the commissioner of the N.W.M.P., had not been brought officially before the Department. So far it was all newspaper talk. No doubt, Mr. White said, an investigation would be made into the matter. It was also ascertained that the dissatisfaction existing in the Northwest with Commissioner Herchner is so great that the probability is he will be removed.

Ambrose Lepine, Riel's lieutenant in the Northwest rebellion of 1870, is in Montreal. Speaking of his programme for the future he says, "When I go back to my country, as I hope to with a title to my property in my pocket, I intend to work with all my power against the abolition of the French language. We have a right to the Catholic religion and French language and we insist on having our rights. I will not say that it will come to a rebellion but the whole country is up." It is not expected that Mr. Lepine will profit much by his visit either to Montreal or Ottawa.

Geo. H. Hosmer, the carman who has been figuring in the play "The Dark Secret," seriously ill, and, it is said, is not expected to live. When the managers of the drama heard this they made an offer to Ed. Hanlan to fill the place. The offer was not good enough, and the ex-champion sent along his only terms. After consideration they were accepted and Hanlan has gone to New York to fill a seven month's engagement. He was accompanied by Wm. O'Connor, who goes to Newark, N.J., to look after the Ruddock boat that he shipped to the builder from England to have altered. Mr. Goodman, of England, on a bet, smoked 86 cigars to an inch in length in 12 hours.

## Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs. ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced Cough Cure. If you have not tried the Balsam, call for a 25-cent bottle to test it.

**GRIP'S COMIC ALMANAC.**—There are few people in Canada who do not see this entertaining annual. It has just made its appearance for the eleventh year; and in many respects the new book is ahead of any predecessor. The illustrations are abundant; and all of the contents are of a very amusing character. A new feature is the calendar of "Remarkable Events," which runs through the year, and which, alone, is worth far more than the price. In this department it is certainly entertaining and helpful to be told the day and year when pan-cakes were invented, when the half-holiday agitation was started, or washing-day instituted, or stolen serious first used, or Frank Smith was ruined by the street railway (Jan. 15, 2096), or mother-in-law joke invented, or Chicago morally reformed (A.D. 5969).—Information on all of which, as illustrations, may be found in the January calendar. And the other months are quite as communicative. This book contains 32 pages, and at all bookstores at the old price, 10 cents; or, send to publishers, Toronto, and receive the book, post-paid, by return mail.
